

ExC-ELL:

Expediting Comprehension for English Language Learners

ExC-ELL was developed through a 5-year study funded by the Carnegie Corporation of New York. ExC-ELL facilitates teachers' development of the skills, confidence, and efficacy in teaching the knowledge and skills to ELLs and all students through a comprehensive program consisting of an initial 3-day institute and follow-up on-site support.

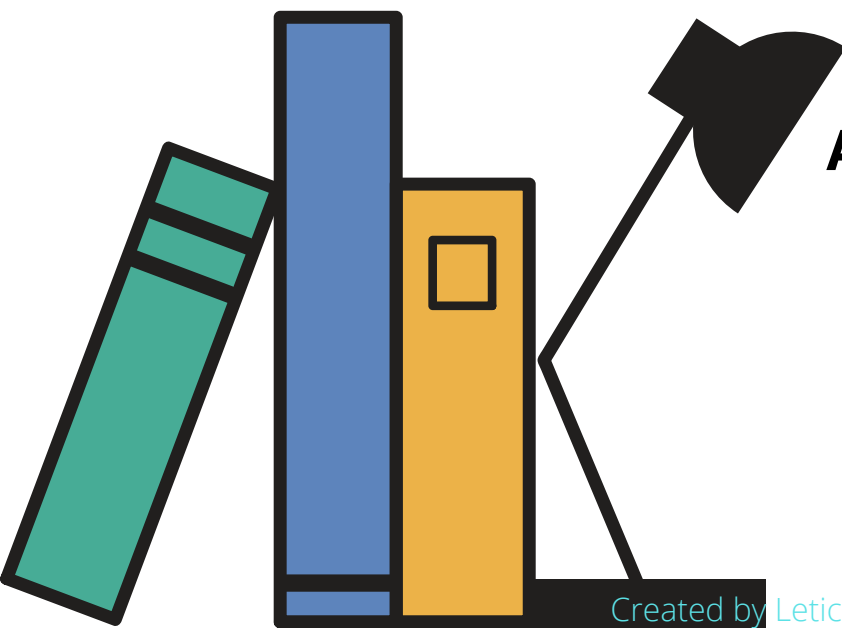

Effective for ALL learners

Research-based

Integrate language & content instruction
